The American Numismatic Society,
New York City.

I recently purchased a copy of "The State Coinage of New England" brought out by your society, of a coin dealer, and I would like to inquire if you have anything along similar lines relating to the State coinage of New Jersey? I am collecting U.S. copper and nickle but am especially interested in the early Colonials used previous to regular U.S. issues.

I am addressing this to the Society as I do not know any individual names of the Officers.

Yours truly,
John M Richardson.

Dear Sir:-

I have just received your letter, and think that either of the following two books might interest you:

"United States, Pattern, Trial and Experimental Pieces..... issued by the United States Mint from 1792 up to the present time".
Published by this Society in 1913 for Edgar H. Adams and William H. Woodin. It is cloth bound, has 204 pages and illustrated. It sells for $3.00.

"Exhibition of United States and Colonial Coins, January 17th to February 18th, 1914". This Catalogue was gotten out by this Society during an exhibition held in its Museum on the date mentioned. It is paper bound, has 133 pages and 39 plates. Price $1.00.

If either of the above mentioned books interest you, we would be glad to hear from you.

Very truly yours,

Acting Secretary & Curator.
